

SHAPE SONG

1. I am a **shape**, now guess my name
I'm **round** and **round** and very **plain**
So many things are shaped like me.
Like a **wheel** on a **truck** and a **cake** for tea.
What is my name? I am a **circle**.

(Chorus)

Different
shapes make
different **things**
Up and **down** and round
round rings
Turn me **up** and **turn** me **down**.
Mix and **match** and make a **crown**.

2. I am a **shape**,
now guess my name
I have **four sides** all
shaped the same.
So many things are
shaped like me.
Like a **box** of
chocolates just for me.
What is my name? I am
a **square**.

(Chorus)
