

Mariam's Picture - Picture A

In this picture I can see a girl. I think she is a student. She looks very busy. I think she is doing her homework. Perhaps she is preparing for a test. Her room is not tidy. The bin is full and the books are scattered all over the place. The television is on. In the background on the wall, I can see some paintings. She is sitting on her bed and I can see pillows. I think she likes teddy bears. There is one in front of the TV table. There is a beautiful table cloth which covers the table on which there is a TV. She is wearing trousers and a blue shirt. She is very smart looking and is wearing black shoes with high heels. She is very busy. The floor is covered with a carpet. On the TV screen I can see a man feeding a horse. The horse is white in colour. On the television I can see some picture frames. There are many books on the floor. On the bed I can see a white bed sheet.

Fatima's Picture - Picture B

In this picture I can see a girl. I think she is a student. She is sitting in front of her computer and thinking. May be she is doing her homework. There are some papers and books on the computer table. The lamp is on and perhaps it's night time. To her left I can see a coffee mug. In the background I can see a couple of picture frames. She is wearing blue trousers with flowers on it. Her shirt is pink in colour. She wears spectacles and she is holding them in her right hand. I can see the keyboard and the mouse on the computer

tray that slides in and out. She looks quite organized. In the background I can also see a white curtain.
